

This is a petition to the FCC to continue to let KLOVE be broadcast in our area. Why should we be forced to give up a wonderful, family oriented, Christian station that promotes family values and good Christian music just because some new LPFM stations want to take priority. What happened to the Christian's rights to have good family entertainment? The only station my family, friends and Church listen to is KLOVE. We prefer KLOVE because of its positive, and uplifting messages. Our children are safe listening to it. We've been listening to KLOVE for years, and don't want to lose it. It offers Christian and Non-Christian families and singles a chance to hear good Christian programs, without being subjected to the the horrific lyrics and music played on the other FM stations. It's a safe haven and impacts our lives profoundly.
